

January 6, 2006

Craig Hall, Chief Financial Officer
Massachusetts Developmental Disabilities Council
Third Floor, Suite 300
1150 Hancock Street
Quincy, MA 02169-4340

Dear Craig,

Thank you for submitting a Technical Assistance Plan Request. I have presented your request to the Administration for Developmental Disabilities for approval. As we discussed, we have limited financial supports available and are unable to approve your full request. However, we have obtained approval for \$10,000 to support the implementation of the DD Suite Project. The funding is available beginning today and must be spent before September 30, 2006.

As you and your committee move forward with further implementation of the project, please keep us updated with your progress. I want to include your status in Technical Assistance Contract reports to the Administration.

I am excited we are able to help in this small way and look forward to Council's having access to this wonderful tool!

Regards,

Sheryl
